Race Equality Competition 2021

Let’s work together to eradicate racism
The competition

• Equality and Diversity UK are running a competition to raise awareness of racism within schools, colleges, universities, employment and society as a whole

• We are aiming the competition at school aged children and young people (16-25)

• The task is to create a resource to use in schools, colleges, universities and or within a youth/community setting in society.

• The resource must be accessible to children and young people in these sectors

• The messages must be about tackling/eradicating racism, how to do it and why we must do it
The themes across each area are as follows:

1. Where does racism come from?
2. Why is racism still here?
3. What can children, young people and adults do to tackle and eradicate it?
Resources for production

The resources you produce have to be of a high quality and accessible to all communities. They can be delivered in a range of formats:

• video (role play, talking heads, rap, etc.)
• storytelling – e.g., a children’s book, a book of anti-racist strategies, a short novel
• poetry – e.g., a poetry book with some ideas to eradicate racism
• through any other art medium

The messages have to be clear and actionable
